Professional Summary

React Developer skilled in building performant, component-driven web apps with React.js, Tailwind CSS, and REST API integration. Experienced in taking designs from Figma to fully functional interfaces bridging the gap between UI design and front-end implementation. Delivered projects including an AI fitness platform and a tutor booking system with role-based dashboards. Strong grasp of React hooks, reusable component architecture, and translating pixel-perfect designs into clean, responsive UIs.

Professional Experience

- | | |
|--|----------------------|
| Frontend Development, INTERN | 06/2025 – 08/2025 |
| ► Developed and optimized React-based web applications, enhancing UI performance and implementing dynamic features using JavaScript. | Faisalabad |
| Wordpress, INTERN | 07/2024 – 09/2024 |
| ► Gained hands-on experience with WordPress themes, plugins, and custom page configurations. | Faisalabad, Pakistan |

Education

- | | |
|---|----------------------|
| Software Engineering, FAST – NUCES, Faisalabad | 08/2022 – present |
| Bachelor of Science in Software Engineering | Faisalabad, Pakistan |

Projects

- Multilingual Dictionary Application [Java, SQL, TestNG]**
Built a modular desktop app with three-tier architecture using Facade, AbstractFactory, and Proxy patterns, SOLID principles, real-time Arabic to Urdu/Persian translation.
- Intellifit AI-Powered Fitness & Nutrition Platform [React, Express, MongoDB]**
Built a responsive AI-driven fitness platform with personalized meal/workout plans, progress tracking, and an interactive chatbot powered by LLM integration.
- EduConnect Pakistan [MongoDB, Express, React, Node.js, REST API]**
Built EduConnect Pakistan, a tutor booking platform with filters, reviews, session management, role-based dashboards, secure APIs, and a responsive UI.

Skills

- **Frontend:** React.js, JavaScript, Tailwind CSS, HTML5, CSS3, Vite
- **Backend:** Node.js, Express.js, REST APIs
